MUSEUM ETIQUETTE

The role of a chaperone is essential to the field trip learning experience. To help ensure a good experience for all:

- Stay attentive to your students at all times. Students should maintain classroom behavior while at the Museum. Remind students to use their 'inside voices' and do not allow students to engage in roughhousing, climbing, or running. The safety of all of our Museum guests is important.
- Chaperones are required to stay with students of all ages at all times.
- Please refrain from prolonged usage of any personal electronic devices during your visit as it limits your ability to engage with the students and can become a distraction.
- Be curious and engaged! Participate in activities and ask questions. The students will appreciate your attention and engagement.
- The Museum does NOT allow food or drinks inside the galleries.
